

About us:

Sepaktakraw Association of Punjab:

The Sepaktakraw Association of Punjab (SAP) is a registered body under the Societies Act, established in 2021 with the mission of promoting and developing the sport of sepaktakraw across Punjab. As an affiliated member of the Sepaktakraw Federation of India, the Association is committed to nurturing talent, strengthening grassroots participation, and building a competitive sporting culture in the state.

Within a short span of time, SAP has successfully organised two Punjab State Sepaktakraw Championships—first in Tarn Taran District (2023–24) and subsequently in Mohali District at Chandigarh University (2025–26). What began as a modest initiative with only a handful of athletes has now grown into a vibrant sporting movement active in more than 15 districts of Punjab. The overwhelming participation witnessed during the 2nd State Championship—where the schedule proved too short to accommodate all matches—stands as a testament to the sport’s rapid growth and popularity in the state.

It is a responsibility and an honour for the Association to acknowledge the invaluable guidance and support of Late Yogender Singh Dahiya, Former President of the Sepaktakraw Federation of India. He recognized the potential of the Sepaktakraw Association of Punjab and entrusted us with the opportunity to host a prestigious National Championship. His administrative wisdom and far-sighted vision played a pivotal role in advancing sepaktakraw in Punjab.

We are proud to host the 29th Junior National Sepaktakraw Championship, scheduled to be held at Lovely Professional University from 1st to 5th January 2026. The Association has consistently participated in national championships, ensuring Punjab’s strong representation and steady progress at various events across India.

On behalf of the Sepaktakraw Association of Punjab, we extend our heartfelt condolences to the family of Late Yogender Singh Dahiya on his untimely demise. We also acknowledge the dedicated supervision and guidance of Mr. Ankit Baliyan, International Referee and Coach.

The Sepaktakraw Association of Punjab remains steadfast in upholding the vision laid down by our mentors. We are confident in our capability to organize national-

level events efficiently, professionally, and within stipulated timelines, further contributing to the growth of sepaktakraw in India.

Message from President:

It gives me immense pride and satisfaction to witness the remarkable growth of Sepaktakraw in Punjab within a short span of time. Since its establishment in 2021, the Sepaktakraw Association of Punjab (SAP) has been working with dedication and commitment to promote the sport at the grassroots level and to create a strong competitive platform for our athletes.

As an affiliated member of the Sepaktakraw Federation of India, our Association has consistently strived to uphold the highest standards of professionalism, discipline, and sportsmanship. The successful organisation of two Punjab State Sepaktakraw Championships and the increasing participation from more than 15 districts are clear reflections of the collective efforts of our players, coaches, officials, and supporters.

It is a matter of great honour for the Sepaktakraw Association of Punjab to host the 29th Junior National Sepaktakraw Championship at Lovely Professional University. We are fully committed to organising this prestigious event with excellence, transparency, and efficiency.

I am also delighted to announce the launch of the official website of the Sepaktakraw Association of Punjab. This platform will serve as an important source of information for athletes, coaches, officials, and sports enthusiasts. Through the website, users will be able to access updates regarding upcoming State and National events, championship schedules, notifications, and results of State Championships in a timely and convenient manner.

I extend my heartfelt gratitude to all stakeholders for their unwavering support and cooperation.

Ms.Sunita Saxena

Message from the Secretary

It gives me immense pleasure to announce the official launch of the Sepaktakraw Association of Punjab website. This platform marks an important step towards promoting and strengthening Sepaktakraw across Punjab and beyond.

Our website will serve as a central hub for players, coaches, officials, and sports enthusiasts to access updates on tournaments, training programs, achievements, registrations, and various association activities. We are committed to creating greater opportunities for young talent and enhancing the growth of Sepaktakraw at the grassroots as well as competitive levels.

I express my sincere gratitude to all members, supporters, athletes, and well-wishers who have consistently contributed to the development of this sport in Punjab. Together, we will continue to work with dedication, discipline, and sportsmanship to take Sepaktakraw to greater heights.

I invite everyone to explore the website and stay connected with the latest developments of the association.

With best wishes,

President Vision :

Sepaktakraw is a dynamic and skill-oriented sport that has gained significant popularity at both the national and international levels. In the Asian Games 2018 and 2022, the Indian Men's and Women's Sepaktakraw teams secured Bronze Medals, bringing pride and recognition to the nation.

In Punjab, we are actively working to identify young talent and strengthen grassroots development by promoting Sepaktakraw in schools, colleges, and rural areas across the state. We are dedicatedly striving to include Sepaktakraw in the "Khedan Watan Punjab Diyan" programme so that the sport can reach every corner of Punjab and provide opportunities to talented young athletes.

As the President of the Punjab State Sepaktakraw Association, I am making efforts to collaborate with various sports organizations and stakeholders to provide standard playing equipment, including balls, nets, and court accessories, to State Associations and training centres for the development of the sport.

The availability of quality equipment will encourage greater participation, enhance training standards, and create a more competitive sporting environment. This initiative will also strengthen the talent pipeline and contribute to the development of future Sepaktakraw athletes for Punjab.

The ultimate goal is to create a strong pipeline of talented athletes who can represent Punjab in National Championships, Asian Championships, Asian Games, and other international competitions.

Dr.Aaditya Sharma (IAS)
